## Adults and Teens

Make Easter much more than just a holiday. The Easter Experience resources explore the life-changing meaning of Easter. Featuring dramatic story-telling with Biblical teaching from Kyle Idleman, The Easter Experience brings the passion and resurrection of Christ to life through the following lessons: My Life has a Purpose, My Life Can Change, My Pain is Understood, My Life has a Plan, I Have the Promise of Eternal Life, I Have a Hope that Never Dies. Kyle walks the streets of Jerusalem and through the crowds at the cross. He brings us into the story and reminds us that it all happened for our salvation. Yorkshire will support this series through our worship and messages. We will share this series in-person as well as our live stream.

The link below is to Dallastown Medical Associates. This office is allowing community sign ups for the Covid vaccine. They are currently administering vaccines to anyone over 65 or anyone that is under 65 with a pre-existing condition that puts them more at risk for Covid.

## **Youth Group**

March we are continuing to meet in person from **6-7:30 on Sunday nights!** We will be heading outside more and more as weather permits. Youth are starting a new series called "Feed the Dog" by Brock Gill. It is a series that walks us through 7 different spiritual disciplines that help us feed our spirit and starve our worldly nature. They will study practices that are essential to grow in our Faith.

**The other very exciting thing is the Spring Retreat that is coming up.** Youth are joining with the other UNITE York churches (the churches we usually join with for our annual Fall retreat) and offering a Spring Retreat, **April 9-11th** that will be as COVID-friendly as possible. Please consider sending your student on this much-needed weekend away with the Lord! The attachment to this email has all the information:
